

POWERSCHOOL FAMILY ACCESS – Zion Elementary School District 6

Checking Grades, Attendance and Lunch Fee Transactions Online

We are excited at the opportunity to provide families with kids in grades 3rd through 8th at all of our schools with real-time access to your child's grades, attendance and lunch fee transactions. You may either access it from a link at the District website, www.zion6.org, or from our direct web address: <http://pschool.zion.k12.il.us/public>

You may access information on your child from any Internet connection. If you do not have Internet access we encourage you to find alternative locations such as the Zion Benton Public Library. If you cannot find computer and Internet access, please contact your child's teacher regarding the educational progress of your child and they will be happy to provide you with information.

You will need a **username** and **password**. One username and password is assigned to each student even if you have multiple children in your family. It will be provided by your school. If you did not receive it or need a reminder, please e-mail poweradmin@zion6.org or ask a building Secretary.

Once you are logged into our system, you will see the following, which will provide you with a wealth of information. One popular feature is "Email Notification" where e-mails are generated to you automatically with whatever information you choose!

Click **Grades and Attendance** to view grades, absences and tardies.

Click **Grade History** to view grades.

Click **Attendance History** to view attendance.

Click **Email Notification** to set your email preferences.

Click **Teacher Comments** to view any notes left by the teacher.

Click **Balance** to view lunch fee transactions.

Click **Password** to change your password.

We sincerely hope you find this tool useful to help you stay involved in your child's education. Do not hesitate to ask questions.

Tony DeMonte, Coordinator of Instructional Technology
